Re: Important financial information regarding insurance and fees

You are being scheduled for a procedure. It is very important that you read the following information.

INSURANCE

Our office will contact your insurance carrier prior to your procedure to verify benefits. If there is no coverage or reduced coverage, we will call you so that you can make the decision of whether to proceed. Ultimately, however, *you are responsible for knowing the benefits, coverage and policies of your particular insurance plan.*

FEES

Upon request, we can provide you with the fees for our physician services. Please be aware that you will also have charges from the facility at which the procedure is performed. In addition, you *may* incur charges for *Anesthesia* (necessary for colonoscopies and EGD's), *Pathology* and *Radiology*. If provided, these services will be billed by those respective entities, not by this office. Below are contact numbers you may need in order to get information about their fees:

Black Canyon Surgery Center	(970) 249-6842
